Additional Comp Rater Information:

Producer Code Confirmation

It may be necessary to confirm the Producer Code when launching into PolicyCenter. The following system message displays if the Producer Code three-digit suffix is 000: *"Producer Code should be reviewed to guarantee correct assignment of new business."*

To confirm the correct Producer Code is assigned to the policy, review the Producer Code assigned in the **Producer of Record** section. The correct Producer Code can be selected from the drop-menu, if the Agent is licensed and appointed in the selected rate state.

Producer of Record

Organization	OrganizationName
Agency Code	01226262
Producer Code	01226262 - 000 None Selected
Service Plus	No

*Additional EZLynx Information

To deep launch into PolicyCenter from the EZLynx Comparative Rater, click the link(s) shown in red below.

If the Nationwide logo is clicked from the EZLynx Comparative Rater (shown in green below), you will be launched into Agent Center and required to go through the quote process in Agent Center, before being launched into PolicyCenter

The screenshot displays the EZLynx Comparative Rater interface. At the top, there is a navigation bar with tabs: Overview, Details, Quotes, Lead Info, Contacts, Documents, and Activity. Below this, a Nationwide logo is visible. A red box highlights a link that says "Quote Access. Click HERE to access your quote." Below the logo, there is a section titled "TN-Home Quotes (Run on 10/24/2017 12:55 PM)". This section includes a table with columns for Home Carrier Name, Result, Coverage A-F, and Additional Coverages/Credits. The table lists various coverage options and their status. Another red box highlights a link that says "Quote Access. Click HERE to access your quote." at the bottom of the table.
